CITY REFUSES TO PAVE STREETS THROUGH THE COTTON ADDITION

Council Is Divided and Mayor Sweeney Casts the Deciding Vote—Sweeney's Attention Is Called to Slot Machines—To Investigate Gas Heaters.

Although aldermen Robinson and Hewitt had their overcoats wrapped about them to keep warm during the meeting of the council this morning, there was plenty of ginger inside when the council divided on paving Magoffin avenue, through Cotton addition, the mayor casting the deciding vote that the city would not pave the street intersection.

Alderman Robinson made the motion that the city decline to take this action and alderman Clayton seconded it, but aldermen Blumenthal and Hewitt expressed the opinion that the intersection

was owned by the city and the city should pay for paving them. Mayor Sweeney made a mistake, saying that he voted in the negative, but finally declared himself in favor of Robinson's motion.

Several times during the morning the mayor remarked about the admission of additions which had not been properly improved and said that this was the only city in the country that had admitted such additions to the city without compelling the owners to make improvements.

Mayor Gets Angry.
The mayor read a letter, written on stationery of the Sheldon hotel and unsigned save by one who styled himself "Secret Investigator." It read: "To the Honorable Mayor: 'If you do not take those nasty slot machines out of the Gen saloon I will get Collier's after you.'"

"The man that wrote this is a contemptible coward and afraid to sign his name. The city has been working all the time to get rid of these slot machines and wherever one is found it will be suppressed."

"The person that wrote this I cannot call a gentleman, but I want him to know that I received his letter and want to let him know what I think of him." The letter was given to chief of police Ben Jenkins for investigation.

The City's Health.
The report of city health officer W. H. Anderson for the week showed a total of 39 deaths, 5 being Americans, one Syrian, 22 Mexicans and one Chinese.

The cases of contagious diseases existing at the present time are reported as: Whooping cough, 8; chickenpox, 1; diphtheria, 1; smallpox, 2; typhoid fever, 1; measles, 13. There were eight cases of tuberculosis reported and 15 fumigations made. Sixty-nine patients were treated at the dispensary and 42 at their homes.

Inspections were made of 289 meat markets, 180 dairies, 40 slaughter houses, 24 cattle, 32 hogs, 20 sheep, 14 fruit and vegetable wagons, 18 restaurants, 29 premises, while 170 pounds of meat were condemned and destroyed; 11 nuisance notices were served, 3 arrests were made, two resulting in convictions.

Land for Garbage Plant.
Mayor Sweeney said: "During the week I purchased 10 acres of land for a sewer disposal plant and three acres in Cotton addition for a garbage disposal plant and city stables, the two tracts costing \$12,500.60. I have instructed the city attorney to arrange for the advertisement for bids and they have been made returnable February 3."

May Park Main Street.
The mayor then said: "Some time ago I induced the G. H. railroad company to pave its crossings, put down sidewalks and build fences. It has been suggested that 65 one-hundredth of an acre on Main street is a city street but of insufficient size to be used as a street, therefore I suggested to the railroad company that it plant trees and grass there and the city would probably close it."

The mayor then read the first time an ordinance permitting the railroad company to do this, the property extending from South street to the alley on the west, a crossing to be constructed continuing to the alley across the tracks, the railroad company to retain this strip for park purposes only.

IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidney or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing down feelings, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But thousands of irritable, nervous, tired and broken down women have restored their health and strength by the use of Swamp-Root, the great Kidney, Liver and Bladder Remedy.

Swamp-Root brings new life and activity to the kidneys, the cause of such troubles. Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, may address Dr. Kilmer & Co., Binghamton, N. Y., and receive sample bottle free by mail.

You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

Sewer extension in East El Paso has been granted and this was done. Alderman Robinson, reporting on the communication of park commissioner Harris relative to the appointment of a tree and shrubbery inspector, recommended that it be laid over and this was done.

A protest from property owners in block 3, of Mills map asking that the council deny the park petition of the G. H. railroad company was read. The mayor stated that this matter had been covered in the ordinance he had prepared, providing that the alley must be kept open.

Cotton Addition Paving.
A. P. Coles having requested that the city engineer supervise the laying of paving through Cotton addition, he was instructed to do so.

It was also requested that the city pave the intersections and, referring to this, mayor Sweeney said: "All the property, with the exception of three pieces, is owned by the Cotton estate, which desires that we improve its property. We have several other additions that might make the same request. Now is a good time to define your policy."

Alderman Robinson said: "I think the owners should pave the whole street." Alderman Blumenthal said: "I cannot agree with Mr. Robinson. The street intersections are owned by the city."

Alderman Hewitt said: "I do not understand this matter fully, but if they intend to pave a street similar to the ones we already have in the city, they have a right to improvements."

Aldermen Differ.
Alderman Clayton remarked: "I would suggest that we lay the matter over until we can determine if they intend to put in sidewalks."

Alderman Robinson suggested: "It would be a very bad thing to adopt such a policy." Alderman Blumenthal remarked: "I do not think this is anything new. They are entitled to improvements."

Mayor Sweeney said: "This is a different proposition. It is a matter of real estate speculation and is merely opening up streets to help them sell land. Suppose owners of other additions should make similar requests."

"That is what the city has been complaining of for three years. These additions have been coming in without any improvements. This is a case where we are called upon to improve this property in order that we may assist them in disposing of their property."

Weds Texan She First Saw in Dream Leading Her to Altar

MISS BERTHA CATE, OF ATLANTA.

Pretty Atlanta Girl in Shum-berland Has Vision of Youth and Wedding Bells.

MEETS HIM ON A STREET CAR ONLY SHORT TIME LATER

Young Texan at Once Loses Heart and Romance Develops as "Sandman" Predicted.

Atlanta, Ga., Jan. 6.—In real life whoever heard of a girl meeting and marrying a man whom she had seen in a dream and who in dreamland had led her to the altar? Yet this is the experience of the pretty young woman who was Miss Bertha Cate, of No. 77 Millidge street, this city, before she became the bride last Saturday of Clarence H. Horne, of Fort Worth, Tex.

Some time before they had ever met Miss Cate dreamed of seeing Mr. Horne and had a mental picture of their courtship and marriage. The young woman told her mother and friends of her dream, but they laughed at her.

Several weeks later Miss Cate met on an Atlanta street car the man of whom she had dreamed. Only a short time after this they were introduced to each other at a reception and the romance began to work out exactly as had been foretold to the young woman for Mr. Horne fell in love with Miss Cate at first sight. Mr. Horne had come to visit friends in Atlanta and had not been away from Texas for several years.

While he himself had not encountered his bride to be in spiritland, he credits his lucky star with inspiring him to come to Atlanta.

KILLED WRONG MAN IN DARK
Texas Conductor Shot Down Says Assailant Was Mistaken.

Brownwood, Texas, Jan. 6.—Charles Whidden, aged 30, a Santa Fe freight conductor, was shot and killed while in a caboose here last night and died from his injuries this morning. Cecil Keble, a clerk in the Santa Fe store-rooms at Temple, surrendered to the officers following the shooting.

Keble reached Brownwood last night from Temple, inquired for Whidden and was directed to the caboose. He knocked on the door and when Whidden answered, he was told that Keble had a note for him.

Whidden entered the caboose, Whidden struck a match and by its light Keble commenced firing at Whidden with an automatic revolver, four bullets finding their mark.

Whidden was taken to Temple, where he died at 3 o'clock today. In a dying statement, Whidden declared that his assailant got the wrong man and that he scarcely knew him. "It is a case of the 'unwritten law,'" said the coroner.

Whidden left a wife and child and Keble is unmarried. His father and friends arrived in Brownwood today to make his bond.

NON UNION MEN TAKING PLACES OF STRIKERS

Electricians of the City Walk Out—Trouble May Be Adjusted Soon.

Striking for a new wage scale agreement the members of the Electrical Workers' union walked out of the shops Wednesday and declare that they will not return to work until the new wage scale is signed by the employers.

G. T. White, representing the international electrical union, is here from Dallas and will act for the men in the present strike.

The old wage scale which expired on Jan. 1, called for a rate of \$3.50 for an eight hour day, although many of the men were being paid \$4 for the same time by the employers. The new agreement calls for a general rate of \$4 a day for experienced electricians. This agreement the contractors have so far refused to sign.

The firms that are affected are Gem Electric company, Standard Electric company, Texas Electrical Supply company and the El Paso Electrical Supply company. There is a tendency among the contractors to stand pat. At least one of the contractors has put non union men to work. They say that while they have been paying expert electricians \$4 a day, the rate demanded by the new agreement, they do not intend to be dictated to by the union and forced to pay incompetent apprentices the same rate as their best workers.

The electrical workers claim that their work is worth \$4 and that there has been a tendency to cut the rates to \$3.50 per day. No trouble is expected and an effort at a satisfactory adjustment is being made. It is thought that a peaceful settlement will be arranged before Saturday.

The employers have submitted their counter agreement which they say will be acceptable. This counter agreement according to one contractor binds the union to be responsible for the work of the men and requires the union to see that such work is replaced with first class work by the men doing it originally.

BANK ROBBERS ARE FOILED AND CAPTURED
New York, N. Y., Jan. 6.—Three heavily armed men held up a private bank in the Green Point section of Williamsburg today, and attempted to rob it. They were resisted and one of the robbers was shot. The wounded man's companions were captured after a fight.

New Head of Navy Doctors

SURGEON C. F. STOKES, U.S.N.

Washington, D. C., Jan. 6.—It is understood in naval circles that surgeon Charles F. Stokes, who achieved considerable fame and was the subject of controversy as a result of his command of the hospital ship Relief, has been decided upon by president Taft as the successor to Rear Admiral P. M. Rixey, surgeon general of the navy.

Admiral Rixey was a prime favorite at the white house during the Roosevelt administration. He was not only the family physician but also the close companion of Mr. Roosevelt. His relations with the new administration have not been so cordial, and it has been expected for some time that he was slated for retirement. He will join the ranks of that army of Roosevelt followers which is slowly but surely finding itself pushed into private life.

AYER'S HAIR VIGOR

Ingredients: Sulphur, Glycerin, Quinine, Sodium Chloride, Capsicum, Sage, Alcohol, Water, Perfume. Show this to your doctor.

Ayer's Hair Vigor promptly destroys the germs that cause falling hair. It nourishes the hair-bulbs, restores them to health. The hair stops falling out, grows more rapidly.

Ayer's Hair Vigor just as promptly destroys the germs that cause dandruff. It removes every trace of dandruff itself, and keeps the scalp clean and in a healthy condition.

Does not Color the Hair

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 95 percent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with waste matter and causes accumulation of gases which must be removed through the bowels before health can be restored.

Salts, ordinary pills and cathartics may be truly likened to dynamite. Through their harsh, irritating action they force a passage through the bowels, causing pain and damage to the delicate intestinal structure which weakens the whole system, and at best only produces temporary relief. The repeated use of such treatments causes chronic irritation of the stomach and bowels, dries and hardens their tissues, deadens their nerves, stiffens their muscles and generally brings about an injurious habit which sometimes has almost, if not fatal results.

We have a pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of its great curative value that we promise to return the purchaser's money in every case where it fails to produce entire satisfaction. This remedy is called **REXALL ORDEAL**. We urge you to try them at our entire risk.

Rexall Ordeals are eaten like candy, they act quietly and have a soothing, strengthening, healing, regulative influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or any other annoying effects, and they may be taken at any time without inconvenience.

Rexall Ordeals overcome the drug-giving habit and safely remedy constipation and associate ailments, whether acute or chronic, except in surgical cases. They are especially good for children, weak persons or old folks. Price, 25 tablets, 25 cents, and 12 tablets, 10 cents. Remember you can obtain Rexall Remedies in El Paso only at our stores, the Rexall stores, People's Drug Store and Kelly & Pollard.

The Perfect Woman Is a Not Fat One

Artists say the ideal proportion of weight in a woman is 25 pounds for every foot of her height. This would make a woman of 5 feet 4 inches weigh 125 pounds 8 ounces.

If you weigh more than this in proportion you are on the danger line and are likely to get too fat in a few years. Check it by taking a teaspoonful after meals and at bedtime of this recipe: 1/4 ounce Marmola, 1/2 ounce Fluid Extract Cascara Aromatic and 3 1/2 ounces Peppermint Water. Get the Marmola sealed and mix it with the other ingredients at home. This mixture is harmless, causes no constipation, wrinkles, and has been known to take off seven pounds of fat a week without any help from exercise or dieting. It is inexpensive.

INTEREST YOUR FRIENDS IN EL PASO'S GROWTH

Twenty-five Thousand Copies of the Sky Scraper Edition.

The yearly review edition of the El Paso Herald to be published early in January will give a most comprehensive summary of the growth and development of El Paso. In no other way can you give your friends so much reliable information regarding El Paso and the Southwest.

Twenty-five thousand copies of the edition will be published. Orders are on file covering a large part of this supply, and all who wish to mail copies to eastern friends are urged to send in lists of names at once.
